

U.S. Dept. of Commerce / NOAA / OAR / ERL / PMEL

Fisheries-Oceanography Coordinated Investigations (FOCI)

1996 Fall Lunch Time Seminar Series

When: Thursdays at Noon

**Where: NOAA Western Regional Center
7600 Sand Point Way, NE**

October 3

Ron Reed
NOAA PMEL

The Aleutian north slope flow

Bldg. #4, Room #2079

October 24

Nick Bond
NOAA PMEL

On the short-term climate variations of the Bering Sea

Bldg. #4, Room #2039

October 31

Matt Wilson
NOAA AFSC

Variation in the distribution and size of age-0
walleye pollock (*Theragra chalcogramma*) in the western
Gulf of Alaska during 1984 - 1988

Ric Brodeur
NOAA AFSC

Habitat differences in frontal regions around the
Pribilof Islands and their importance to juvenile pollock survival

Bldg. #4, Room #2039

November 7

Art Kendall
NOAA AFSC

Jim Schumacher
NOAA PMEL

FOCI 1997 Field Season

Bldg. #4, Room #2039

November 21

Allen Macklin

Kim Bailey
NOAA PMEL

FOCI data on the World Wide Web

Bldg. #3, Oceanographer Room

December 5

Ned Colelet
NOAA PMEL

ADCP acoustic backscatter calibration and estimation of zooplankton biomass

Bldg. #4, Room #2039

December 19

Phyllis Stabeno
NOAA PMEL

Presentation of data from FOCI biophysical platforms

Bldg. #4, Room #2039

All interested persons are invited
